## Scurlogstown Olympiad

The Trim Haymaking Festival is a family participation event.

It educates the young in skills, pastimes and work methods of bygone days while the elders reminisce as they watch the horses, vintage tractors and machinery working, the scythe cutters and the sheaf-tossers performing and the hay cocking machine.

The Dan O'Hara Farm, the dog, donkey, and goat shows, Play-in-the-Hay for the toddlers, fishing demos and Roll-in-the-Hay (for the more adventurous) competitions, live bands on three stages, set dancing at the old thatched village all provide great excitement and entertainment all day.

NEW THIS YEAR... Arisan Food Fair promoting Local Food Producers

A truly great family day out.
